

Company Profile

Cold Chain, Refrigeration and
Cooling Solutions

The background of the slide is a composite image. On the left, there is a blue-tinted photograph of a city skyline with several skyscrapers. On the right, there is a close-up, high-angle shot of a person wearing a white protective suit and mask, likely in a laboratory or cleanroom setting. The overall color palette is light blue and white, with a dark blue curved border on the left side.

About Us

One Refrigeration is dedicated to offering top-tier commercial and industrial refrigeration solutions, with a primary focus on the GCC region. Leveraging our extensive industry expertise, we aim to deliver reliable and energy-efficient refrigeration services tailored to the specific needs of our clients in this area. We are committed to excellence, utilizing advanced technology and industry best practices to ensure superior performance and complete customer satisfaction

Our Mission

Our mission is to provide the highest quality and most energy-efficient refrigeration solutions to the residential, commercial, and industrial sectors. We are committed to delivering exceptional service, ensuring our customers receive reliable and sustainable refrigeration systems tailored to their unique needs. Through continuous innovation and dedicated support, we aim to enhance the efficiency, safety, and performance of every system we install and maintain.

Our Vision

At One Refrigeration, our vision is to be the industry leader in innovative, energy-efficient refrigeration solutions. We strive to set the standard for excellence and customer satisfaction by leveraging cutting-edge technology and best practices. Our goal is to lead the way in sustainability and efficiency, ensuring our clients benefit from the most advanced and reliable refrigeration systems available. We envision a future where our commitment to quality and service makes us the preferred choice for refrigeration needs worldwide.

We Believe

in sustainable practices that create living and working conditions supporting people throughout their extended working lives. Our commitment is to fostering environments that promote long-term well-being and productivity.

Our Services

Commercial Refrigeration

We specialize in providing commercial refrigeration solutions customized to meet the unique needs of businesses. Our services encompass the design, installation, maintenance, and repair of systems for cold storage facilities, blast chillers and freezers, supermarkets, and refrigerated containers. Our focus is on energy-efficient solutions that reduce operational costs while ensuring the freshness and safety of your products.

Design & Installation: Custom solutions by stores cold storage facilities, chillers, freezers, supermarkets, and refrigerated containers.

Maintenance & Repair: Comprehensive services to ensure system efficiency and longevity.

Energy Efficiency: Solutions aimed at reducing operational costs while maintaining product freshness and safety.

Remote Monitoring System: Advanced technology for real-time monitoring and management of refrigeration systems, ensuring optimal performance and quick response to potential issues.

Our Services

Industrial Refrigeration

For our industrial clients, we offer cutting-edge refrigeration systems tailored to handle the rigorous demands of large-scale operations. Our expertise lies in designing, installing, and maintaining high-performance refrigeration units that are crucial for the food supply chain and specialized industrial processes. We emphasize custom solutions that maximize energy efficiency and operational reliability, minimizing downtime and enhancing productivity. Whether it's temperature control for large-scale storage or critical industrial processes, our systems are engineered to maintain seamless and efficient operations, ensuring your business runs smoothly and sustainably.

Our Services

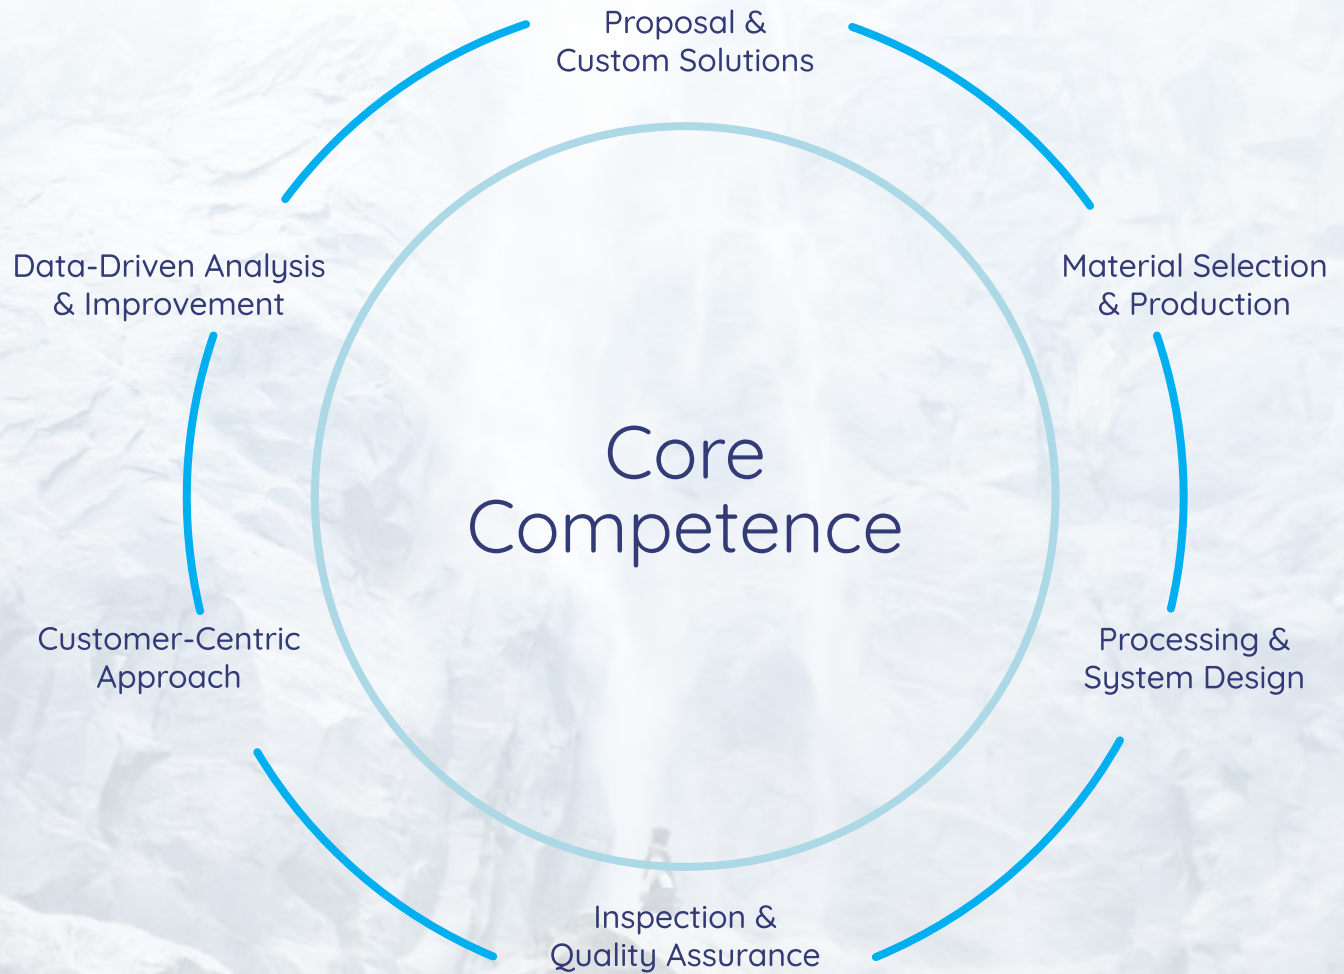

Aftermarket Spares

Expert Maintenance Solutions for Long-Term Reliability and Optimal Performance.

At One Refrigeration, we take pride in offering not just parts, but solutions that extend the life of your equipment. Our aftermarket spares are meticulously selected to meet stringent quality standards, ensuring compatibility and long-term reliability. Whether you're in need of replacement components for routine maintenance or critical parts to get systems back online, our team is equipped to respond swiftly. We understand the importance of keeping your operations running smoothly, which is why we focus on delivering timely support, technical expertise, and a wide inventory of parts designed to maintain your refrigeration systems at optimal performance, every time.

At One Refrigeration, our core competence is driven by a comprehensive approach to refrigeration solutions, ensuring the highest quality at every stage of production, from concept to delivery. By blending cutting-edge technology with a customer-centric focus, we provide robust, energy-efficient systems that meet the specific needs of various industries.

Why Our Clients Choose One Refrigeration

At One Refrigeration, we put our customers and quality at the heart of everything we do. By combining modern production capabilities with advanced technology, we deliver solutions that exceed client expectations. With our global reach and innovative approach, we consistently adapt to the evolving needs of the industry. Our deep expertise and forward-thinking designs ensure that we stay ahead of the curve, providing next-generation refrigeration systems that our clients trust to power their operations efficiently and reliably.

Corporate Social Responsibility

At One Refrigeration, our philosophy of exploring carbon's potential drives our sustainable growth as a global leader. We prioritize responsible practices through a strong internal control system and ethical corporate activities focused on compliance. All employees are equipped with behavioral standards and compliance guidelines, ensuring that laws and regulations are followed. Regular training and a risk and compliance committee further reinforce our commitment to integrity across our global operations.

We are equally committed to fostering workplace environments that support well-being and job satisfaction. By ensuring equitable, discrimination-free employment and prioritizing health and safety, we create a positive and secure workplace. We also promote work-life balance through dedicated initiatives and family-oriented programs, ensuring a fulfilling experience for our employees.

In addition, we strictly adhere to international laws governing the export of goods and technologies, ensuring fair and secure transactions. Through ongoing education, we ensure all employees uphold these essential regulations, contributing to global peace and safety

Countries We Serve In

At One Refrigeration, our unrelenting commitment to the global market drives us to address the evolving challenges of regions like Iraq, UAE, Oman, Saudi Arabia, Kuwait, Eritrea, Uganda, Ethiopia, Kenya, and Tanzania. Our extensive network and cutting-edge refrigeration solutions are tailored to meet the specific needs of these areas. Designed for efficiency and reliability, our systems ensure optimal performance and exceptional service across diverse environments.
